PROFESSIONAL SUMMARY

Associate Software Developer with 2+ years of experience building scalable web applications using React.js, Node.js, Express.js, and MongoDB. Experienced in developing responsive user interfaces, integrating REST APIs, and delivering end-to-end features, including a Calendly-like meeting scheduling platform with calendar integrations and automated email notifications. Passionate about building clean, maintainable, and user-centric applications.

PROFESSIONAL EXPERIENCE

Associate Software Developer

12/2023 – 07/2026 | Pune, India

Clodura.ai

- Designed and developed a Calendly-like meeting scheduling platform, enabling users to create shareable booking links, manage recurring availability, and schedule meetings seamlessly using React.js, Node.js, Express.js, MongoDB, and FullCalendar.
- Developed backend APIs, implemented timezone-aware scheduling, and automated meeting notifications with calendar invitations, delivering a seamless end-to-end scheduling experience.
- Delivered 180+ development tasks spanning feature implementation, CRM integrations, production issue resolution, UI enhancements, and performance optimization while collaborating with cross-functional teams in an Agile environment.

TECHNICAL SKILLS

Frontend

React.js, Next.js, HTML5, CSS3, JavaScript (ES6+)

Backend

Node.js, Express.js

Tools

Git, GitHub, Postman, VS Code
