

NEHA PHADTARE

Full-Stack Web Developer

Pune, Maharashtra | +91 9359412215 | nehaphadtare443@gmail.com | **LinkedIn:** [linkedin.com/in/neha-phadtare](https://www.linkedin.com/in/neha-phadtare) | **GitHub:** github.com/NehaP0

PROFESSIONAL SUMMARY

Software Engineer with 2.8 years of experience building scalable full-stack web applications using the MERN stack (MongoDB, Express.js, React.js, Node.js). Experienced in developing responsive user interfaces, integrating REST APIs, and delivering end-to-end features, including a Calendly-like meeting scheduling platform with calendar integrations and automated email notifications. Passionate about building clean, maintainable, and user-centric applications.

PROFESSIONAL EXPERIENCE

Software Engineer, Clodura.ai

Dec 2023 – Jul 2026

Pune, India

- Designed and developed a Calendly-like meeting scheduling platform, enabling users to create shareable booking links and manage availability, recurring schedules, and seamless meeting booking.
- Built an interactive scheduling interface using FullCalendar, supporting timezone-aware scheduling, recurring availability, calendar synchronization, and meeting management.
- Developed backend REST APIs using Node.js, Express.js, and MongoDB to manage users, availability, events, meetings, and scheduling workflows.
- Implemented timezone conversion logic to accurately display user availability and meeting schedules across multiple time zones.
- Completed 180+ development tasks spanning feature implementation, production issue resolution, UI enhancements, CRM integrations, and performance optimization.
- Resolved complex production issues involving calendar synchronization, CRM integrations, API workflows, state management, filtering, pagination, and dashboard analytics, improving overall application reliability.
- Improved application performance and maintainability by refactoring reusable React components, optimizing rendering, and enhancing frontend architecture.
- Collaborated with product managers, designers, QA engineers, and backend developers in an Agile environment to deliver scalable, user-centric features on schedule.

TECHNICAL SKILLS

Frontend: React.js, JavaScript (ES6+), TypeScript, HTML5, CSS3, Redux

Backend: Node.js, Express.js, REST API Development

Database: MongoDB

Tools: Git, GitHub, Postman, VS Code, Agile/Scrum

PROJECTS

Daily Essential — Full-Stack E-Commerce Platform

- Full-stack e-commerce platform inspired by DailyObjects with user authentication, product browsing, filtering, cart management, checkout, and an admin dashboard.
- Built using React.js, Redux, Node.js, Express.js, MongoDB, JavaScript, HTML5, CSS3, and Chakra UI.
- [Live Demo](#)

Paridhan — E-Commerce Platform

- Myntra-inspired e-commerce platform featuring user authentication, product browsing, filtering, sorting, cart management, and an admin dashboard.
- Built using React.js, JavaScript, HTML5, CSS3, Chakra UI, React Router, and JSON Server.
- [Live Demo](#)

EDUCATION

Full-Stack Web Development (Full-time), Masai School, Bengaluru
B.E., Instrumentation Engineering, AISSMS IOIT, Pune

Oct 2022 – Jul 2023
Aug 2018 – Aug 2022
